

## HOMework HOTLINE

2008-2009

The "Homework Hotline" is available 24-hours a day, seven days a week at West Valley High School. Teachers have a recorded message stating the topics being studied and the homework assigned. To reach a teacher's homework hotline message, please dial the school at 347-7171. Once the recording comes on, dial the teacher's four-digit number extension number. If you wish to bypass the homework information and leave a message, press (7) at this time. After you have listened to the homework recording, if you wish to access another teacher, press the star (\*) key (BEFORE THE VOICE MAIL) and then the next four-digit extension. You may continue this process until you listen to each of your six teachers. For operator assistance between 7:00 a.m. and 4:00 p.m., dial "O".
